RFP Response for 20 Centre St, Roxbury, MA

To Whom It May Concern:

In response to the City of Boston's Department of Neighborhood Development's (DND) request for proposals for 20 Centre St in Roxbury, MA, Dudley Economic Empowerment Partners (DEEP) is proposing to develop the site into a commercial building for workforce development training for YouthBuild Boston. YouthBuild Boston, Inc. will be the General Contractor on the project.

Dudley Economic Empowerment Partners (DEEP)/YouthBuild Boston (YBB) has more than 20 years of experience as a developer and general contractor and has built more than 100 units of affordable housing and developed over 60,000 sf of commercial space, specifically for nonprofits. YBB provides hands-on vocational and academic training programs for young people in Boston looking to improve the trajectory of their lives. We teach essential life and career skills that graduates can put to work right away in the building trades and has introduced the most current building practices into its curriculum.

With the leadership of DEEP as the Developer and YouthBuild Boston as the Architect and General Contractor, the team feels it is the best candidate to develop the property at 20 Centre St. Our high-quality construction training and years of experience as a General Contractor and Developer align with Mayor Martin Walsh's goal to develop homeownership opportunities and provide onthe-site job training opportunities for at-risk and unemployed youth in the building trades.

We also feel we have the most community-responsive commercial design for this particular site. In addition to our in-house standards of designing and constructing as eco-friendly and energy-efficient as possible, we have developed a preliminary design that maximizes the use of the site for construction training while also providing several parking spaces for our vehicles so they will no longer take up street parking for local residents. Our headquarters, located at 27 Centre St in Roxbury, is located directly across the street from this parcel and we have been in discussions for years with the community about how we can best utilize the vacant lot to improve our construction training center but also provide space for neighborhood meetings and other similar events. Staying in compliance with the RFP, we have designed a building that meets the use requirements (commercial building). However, our proposal is only in early schematic phases so we can work more closely with the abutters and surrounding community to refine the design so that it adheres to the context of the neighborhood while meeting YBB's programming needs. If selected as a finalist, DEEP would work with DND and the community to try to align both the budget and design intent to provide the best product possible.

(617) 445-8887 Fax: (617) 427-3950

DEEP is a creditworthy organization that has assembled a strong team to move forward and proceed with the development and construction of the proposed project. As with all our projects, we have and will continue to comply with all federal, state, and city policies and regulations as stated in "DND Policies and Regulations" standards.

We are very pleased to express DEEP/YBB's interest in developing this parcel so that it helps us provide the best construction training in Boston while also responding to the needs of our neighbors and community leaders. YouthBuild Boston turns 30 years old in 2020 and we cannot think of a better way to celebrate our birthday than by working with our neighbors to design a state-of-the-art construction training center for Boston youth while also providing the best possible meeting space for community meetings and other similar events. Thank you.

Sincerely,

Kenneth G. Smith

PROPOSAL SUMMARY: 20 Centre St, Roxbury, MA
Prepared by Dudley Economic Empowerment Partners

Introduction

Dudley Economic Empowerment Partners (DEEP) aims to invest in traditionally low-income neighborhoods through the development of poorly kept and/or abandoned properties into assets for the community. Our affiliate, YouthBuild Boston (YBB), is an organization that provides training and construction apprenticeship opportunities to the community's youth. In support of our mission and in collaboration with our affiliate, DEEP proposes the provision of vocational job training to the community's youth through the purchase and improvement of the parcel at 20 Centre St in Roxbury. This parcel fits well into DEEP's and YBB's mission because it offers an opportunity for YBB to train youth in a neighborhood that it has worked in for many years as well as construct a building that will enhance YBB's ability to provide workforce development on a lot that has been vacant for decades. DEEP will be work to connect and engage with local youth, residents, community organizations, and other project-related stakeholders to make this project as visible and transparent as possible.

Our development team is composed of Ken Smith (Executive Director, DEEP and YBB), Joe Diaz (Construction Manager, YBB), Michael Chavez (Project Development Manager, YBB), and Alex Ho (Designery Program Manager, YBB). As the Executive Director since 1997, Ken Smith has overseen more than \$10 million of YouthBuild Boston's property development projects. Joe Diaz has been with YouthBuild Boston since 1994 and is responsible for project management, construction budgeting, estimating, scheduling, subcontractor negotiations, project oversight, and delivery. He has over 33 years of experience in construction management and is a certified OSHA instructor. Michael Chavez is an Architectural Designer who has worked for YBB for 8 years and is responsible for project development and management, vendor relationships, and design oversight. Michael also worked for 3 years with the real estate teams in the Fairmount/Indigo Line CDC Collaborative to develop mixed-income Transit-Oriented Development along the Fairmount Line so he is very familiar with the development process of commercial projects. Alex Ho is an Architectural Designer who has been with YBB for 5 years and oversees its youth design program. Alex also works closely with neighbors and abutters of all our projects to ensure the design of our buildings are in line with their visions while ensuring YBB's programmatic goals. Please see attached resumes for more information regarding qualifications and experience of the development team and others involved in the project.

Development Plan

DEEP proposes the redevelopment of this property with the following design goals in mind:

YBB Construction Training Headquarters:

YBB currently has a small shop space located at 10 Burrell St in Roxbury, which is 1.5 miles from YBB's headquarters. The shop space is very small and not conducive to the best possible construction training that we can potentially provide for our trainees. With 20 Centre St being directly across the street from our main office at 27 Centre St, we have long seen the parcel as an opportunity to bring our shop as close as possible to our headquarters while also being able to update it with state-of-the-art tools and equipment. By doing this, we can expand our capacity to train youth better than ever before in a space specifically built for construction instruction.

In addition to the shop, we propose to build two stories above the workspace that will hold conference/classroom space, a computer lab, and bathrooms. These spaces will allow us to have large flexible places to hold larger training sessions, workshops, and host larger community meetings than what we can currently hold in our office at 27 Centre St. In summary, we are proposing a 3-story slab-on-grade building that will have about 7,000 gross square feet (meaning we are including stairwells, elevator, bathrooms, storage, mechanical rooms, etc). All building materials will be of good quality, it will have three onsite parking spaces for YBB vehicles, and all stormwater will be kept on-site. Please see the attached set of architectural drawings for more information on our preliminary proposal.

DEEP and YBB have thought critically about design options, their associated costs, and what those differences might mean for us as the developer/owner as well as the neighbors who live in the community. We plan to present our ideas to neighborhood residents and DND in addition to DND's required developer meetings to discuss the benefits and drawbacks of our proposal, how we can ensure that we can meet our programmatic needs while also meeting the goals of the abutters, and where the priorities lie for all stakeholders involved. No matter the outcome, DEEP aspires to work closely with everyone involved to design and build the best training facility possible.

If awarded the project, we plan to have the designs complete within 6 months of being designated as the developer so we can host several community meetings with progressive design iterations that reflect our collective goals and would then need another 6 months for permitting and closing. Once the permits are issued and we have closed on the site with DND and the bank, we will start construction and be done within a year-and-a-half after the start date. Over the course of the year that we are designing and finalizing the permitting/closing, we will also be working hard to fundraise for the project. Our internal goals include \$500k in grants and donations for capital spending, \$100k in donations of materials and labor from our vendor and contractor partners, and another \$50k in funding from foundations. We see this as a great opportunity to pull together all the partnerships we have created over the past 28 years of our existence and with the building breaking ground during our 30th anniversary, we look

(617) 445-8887 Fax: (617) 427-3950

forward to raising significant capital to construct the highest quality training space possible.

Diversity & Inclusion Plan

DEEP and YBB fairly solicits subcontractors from the community and abides by the Boston jobs and living wage ordinance. YBB is a registered Minority Business Enterprise (MBE) and aims to be as inclusive as possible on all of its housing and commercial projects. In addition to inclusive hiring goals, YBB also focuses its attention on training as many minority, women, and Boston residents in the building trades as possible. With general contractors across the City of Boston still struggling to meet the BRJP's hiring requirements, we work extremely hard to train as many youth as we can and work closely with our employer partners, the carpenters union (and other unions), and the City of Boston to play our part in helping those most at need to find career work and support the City's efforts to keep its workforce as diverse as possible.

Developer Qualifications, Experience, and References

DEEP has been in operation since 1995 and is currently the property owner for three nonprofit organizations that serve more than 18,000 clients per year. Our affiliate, YBB, has helped strengthen the community by training over 1,200 young people for the workforce in the past 26 years. DEEP and YBB have developed and/or served as a general contractor for projects valued at more than \$10 million. We have built or renovated over 100 units of affordable housing and 7 commercial properties. Our projects strengthen the community through the development of sustainable and resilient buildings that serve underrepresented populations, garnering recognition from the communities in which they are built, as well as from other nonprofit organizations and the City of Boston. In 2001 YBB completed the first housing development in conjunction with the Healthy Homes Program. In 2008 YBB completed a multi-family condominium that received an award from the Boston Society of Architects and in 2009 YBB completed a new construction two-family project that achieved LEED-Gold certification. More recent completed similar residential projects includes a single- family and two-family new construction projects in Roxbury in partnership with Dudley Street Neighborhood Initiative and Madison Park Vocational School, and a complete gut-rehab of a formerly foreclosed and abandoned property at 556 Park St., and a projected LEED Gold single-family home in Mattapan with the core design concept of intergenerational living (accessible bathroom and bedroom on the 1st floor).

Subcontractors & Partnerships

DEEP and YBB have established relationships with community partners that may influence our development plan. Our signatory agreement with the New England Regional Council of Carpenters allows us to access the services of union instructors for onsite training. The agreement also allows us to use the NERCC facilities for training activities. In addition, our partnership with Madison Park Vocational School grants us the opportunity to work with their construction training program so their youth can participate in the project and get placed as skilled workers into the building trades upon graduation from Madison Park.

DEEP and YBB honor diversity and we select local subcontractors reflective of the population we serve. Some of these subcontractors have provided internships for YBB students that have resulted in full-time employment for our graduates. We regularly exceed the City of Boston's hiring requirements on each of our projects.

Additional Data

DEEP incorporates sustainable practices into all of our projects and our design proposal for 20 Centre St will be LEED certifiable. Some of the sustainable design features that have been incorporated into this proposal are:

- -LED lighting
- -Water-saving devices & keep all stormwater on-site
- -Air-sealed building envelope via continuous insulation and taping
- -Energy Star appliances
- -Drain pan behind exterior siding
- -High-efficiency Energy Star windows, storefronts, and exterior doors
- -High-efficiency heating/cooling system
- -Energy-efficient fresh air ventilation system

(617) 445-8887 Fax: (617) 427-3950

For this particular project, we will work closely with the abutters to ensure that the final building design is respective of the massing, colors, and materials of the surrounding community.

Reduced Parcel Purchase Offer

DEEP's development concept is not finically feasible at the full asking price of the parcel due to our nonprofit status and the lack of capital required to invest in the cost of land for a project such as this. Because our organization offers the aforementioned community benefits, which prohibit us from maximizing operating income, we are offering to purchase the parcel for DND's minimum price per parcel for \$100.00. YBB has set goals to fundraise \$500k for the project as well as work with our contractor and vendor partners to receive \$100k in donated materials and labor. Please see Appendix 5 and 6 for more information.

Community Engagement

DEEP will be working closely with the Highland Park Neighborhood Association Public Review Committee with anything and everything related to community engagement. DEEP/YBB has a long history of working with various residents, neighborhood associations, community-based organizations, main streets organizations, and many others in the locations of their projects to maximize communication and knowledge-sharing. We will work with these and other interested organizations and stakeholders to ensure we are being as transparent and open as possible on this project so that YBB can build the program space it needs to continue providing Boston's best construction training as possible while respecting the ideas and goals of the abutters and neighborhood residents.

Ms Sheila Dillon, Director Department of Neighborhood Development City of Boston 25 Court Street Boston, MA 02108-2100

Dear Sheila,

We, the members of the Highland Park PRC, are strongly supporting Youth Build Boston's proposal to develop new classrooms with off street parking for 20 Centre Street, Roxbury. PRC received a briefing on Youth Build's plans over 2 years ago and at that time voted to support their plans. Now that this parcel has been offered in an RFP, we reiterate our unconditional support.

Youth Build Boston has shown through the years how many community benefits flow from their training programs and their partnering with local groups to provide physical improvements, most recently, the new storage shed for HYCC, Inc, 9 Fulda Street.

If we as co-chairs of the HPPRC can provide any further evidence of our support, please contact us via emails.

Thank you for all the work you and DND do to advance a collaborative relationship and new uses for vacant city owned lots here in Highland Park,

Sincerely,

Rodney Singleton

Re:

20 Centre St RFP Proposal by YouthBuild Boston

Dear Proposal Reviewers:

We are excited to offer this letter of support for YouthBuild Boston's proposal to develop 20 Centre St in Roxbury into a building that will provide program support for YBB's construction training program as well as classroom and meeting space for teaching/training and for community use.

Paige Academy has been a staple in the Roxbury community for decades and we are a close friend and partner of YouthBuild Boston. YouthBuild Boston was established in 1990 just down the street from us in the basement of the 1st Church of Roxbury and since then, has grown into a strong and well-known youth workforce development program in the City of Boston. When YouthBuild Boston applied for the RFP to turn the old firehouse at 27 Centre St into their headquarters in 2010-2011, we were excited to have them next door to us and supported their efforts to get that building. Since being in that building they have been great neighbors and we continue to support each other's programs in many ways including community service projects, youth program support, and much more.

With 20 Centre St directly across the street from us, we feel the best use of that vacant lot would be for YouthBuild Boston to construct a building that would continue to expand their capacity to train young people in the building trades. We are also excited about the additional classroom/conference room space that will be available for them but also for community use upon coordination with YouthBuild Boston. We support YouthBuild Boston's proposal for the site and we're looking forward to working with YouthBuild Boston and the community to finalize the design and put the vacant lot to good use.

Sincerely,

Paige Brooks-Cook, Program Director

Re:

20 Centre St RFP Proposal by YouthBuild Boston

Dear Proposal Reviewers:

I am pleased to offer this letter of support for YouthBuild Boston's proposal to develop a commercial building that would house their new wood shop and classroom/meeting space at 20 Centre St in Roxbury.

HopeWell has long been a supporter of YouthBuild Boston in a number of different ways over the past several years. We are one of YouthBuild Boston's tenants in the building they own at 504 Dudley Street in Roxbury. Just this past year, we worked closely with them to renovate our offices so we could expand our services to families in Roxbury and beyond in a new and more modern space. As part of the renovation, YouthBuild Boston used our project as an opportunity to provide their youth some construction training while our offices received a much-needed face-lift. We extended our lease as a tenant and we are excited to continue to provide services to the surrounding community out of our newly updated offices.

We feel YouthBuild Boston's strong record of working with their tenants as a property owner to keep their buildings as clean and safe as possible while working specifically with us to update our office is a great example of why should be able to develop another building that would satisfy their programmatic needs. YouthBuild Boston has been a fantastic community asset for decades and the project at 20 Centre St would further allow them to provide even better training and community space. We support YouthBuild Boston's proposal and we'd be happy to answer any of your questions as one of their building tenants.

Sincerely,

offay Dolal

| Exp | lanatory | notes: |
|-----|----------|--------|

Being that Dudley Economic Empowerment Partners/YouthBuild Boston's proposal is for a building that will be supporting YouthBuild Boston programming, there will be a major fundraising effort to support the development of the project. DEEP and YBB have many contractor partners, foundation support, and individual donors who are excited about our proposal and would like to support it in as many ways as possible. We are confident we can raise a substantial amount of money to support this development project.

| RESIDENT, MINORITY AND FEMALE CONSTRUCTION EMPLOYMENT |
| DND encourages MIHI builders to seek to achieve the following construction employment goals: Boston Residents 50% of project hours Minority 25% of project hours |
| |
| Female 10% of project hours These are targets, not requirements, but proposals that provide better evidence of their ability to achieve these targets will be more highly ranked. Explain what actions you will undertake to promote employment of these groups: |
| DEEP's affiliate, YouthBuild Boston, recruits construction employees through our community partnerships and through area schools. In past projects, over 75% of construction employment hours were contributed by Boston residents, 85% by minority employees, and at least 15% by female employees. As we do for all our projects, we will work closely with the community to recruit locally and meet similar numbers. We will also work to ensure that our subcontractors meet the City of Boston goals as we've done on all our previous projects. |
| If you have additional information demonstrating your capacity to achieve these employment targets, you may provide this information on a separate sheet clearly labeled at the top with "Supplementary Construction Employment Statement" and the Proposer's name. Note: if you are, according the US Dept. of Housing & Urban Development, a Section 3 certified vendor, this will be considered strong evidence of capacity to achieve DND's employment goals. |

SECTION THREE COMPLIANCE REVIEW DOCUMENTATION

City of Boston (COB) - Property Affidavit Form

Instructions: List all City of Boston properties currently owned, or previously foreclosed upon for failure to pay real estate taxes or other indebtedness, by the applicant or by any other legal entity in which the applicant has had or now has an ownership or beneficial interest. If there are any past due amounts owed to the Department of Neighborhood Development, the Inspectional Services Department, the Treasury Department and/or the Boston Water and Sewer Commission, such must be paid in full before: (1) a vote request can be presented to the City of Boston Public Facilities Commission concerning the sale of property to the applicant or any other business entity in which the applicant has an ownership or beneficial interest; OR (2) the commitment of funding to the applicant or any other business entity in which the applicant has an ownership or beneficial interest. Public Facilities Commission votes are not to be requested until the Property Affidavit has been approved and the Legal Unit has signed the Property Clearance Form.

Upon approval, the Property Affidavit will be valid for ninety (90) calendar days from the date it is signed by the Applicant.

For any additional properties that do not fit on this form, <u>attach a spreadsheet</u>. Do not use another property affidavit form. Only one signature page is to be submitted. All entries made on this form must be typed in the form fields provided below.

INSTRUCTION SHEET

NOTE: The Division of Capital Asset Management and Maintenance (DCAMM) shall have no responsibility for insuring that the Disclosure Statement has been properly completed as required by law. Acceptance by DCAMM of a Disclosure Statement for filing does not constitute DCAMM's approval of this Disclosure Statement or the information contained therein. Please carefully read M.G.L. c. 7C, s. 38 which is reprinted in Section 8 of this Disclosure Statement.

Section (1): Identify the real property, including its street address, and city or town. If there is no street address then identify the property in some other manner such as the nearest cross street and its tax assessors' parcel number.

Section (2): Identify the type of transaction to which this Disclosure Statement pertains --such as a sale, purchase, lease, etc.

Section (3): Insert the exact legal name of the Public Agency participating in this Transaction with the Disclosing Party. The Public Agency may be a Department of the Commonwealth of Massachusetts, or some other public entity. Please do not abbreviate.

Section (4): Insert the exact legal name of the Disclosing Party. Indicate whether the Disclosing Party is an individual, tenants in common, tenants by the entirety, corporation, general partnership, limited partnership, LLC, or other entity. If the Disclosing Party is the trustees of a trust then identify the trustees by name, indicate that they are trustees, and add the name of the trust.

Section (5): Indicate the role of the Disclosing Party in the transaction by checking one of the blanks. If the Disclosing Party's role in the transaction is not covered by one of the listed roles then describe the role in words.

Section (6): List the names and addresses of **every** legal entity and **every** natural person that has or will have a **direct or indirect** beneficial interest in the real property. The only exceptions are those stated in the first paragraph of the statute that is reprinted in Section 8 of this Disclosure Statement. If the Disclosing Party is another public entity such as a city or town, insert "inhabitants of the (name of public entity)." If the Disclosing Party is a non-profit with no individual persons having any beneficial interest then indicate the purpose or type of the non-profit entity. If additional space is needed, please attach a separate sheet and incorporate it by reference into Section 6.

Section (7): Write "none" in the blank if none of the persons mentioned in Section 6 is employed by DCAMM. Otherwise list any parties disclosed in Section 6 that are employees of DCAMM.

Section (8): The individual signing this statement on behalf of the Disclosing Party acknowledges that he/she has read the included provisions of Chapter 7C, Section 38 (formerly Chapter 7, Section 40J) of the General Laws of Massachusetts.

Section (9): Make sure that this Disclosure Statement is signed by the correct person. If the Disclosing Party is a corporation, please make sure that this Disclosure Statement is signed by a duly authorized officer of the corporation as required by the statute reprinted in Section 8 of this Disclosure Statement.

This completed and signed Disclosure Statement should be mailed or otherwise delivered to:

DISCLOSURE STATEMENT FOR TRANSACTION WITH A PUBLIC AGENCY CONCERNING REAL PROPERTY M.G.L. c. 7C, s. 38 (formerly M.G.L. c. 7, s. 40J)

shall be valid and no payment shall be made to the lessor or seller of such property unless a statement, signed, under the penalties of perjury, has been filed by the lessor, lessee, seller or purchaser, and in the case of a corporation by a duly authorized officer thereof giving the true names and addresses of all persons who have or will have a direct or indirect beneficial interest in said property with the commissioner of capital asset management and maintenance. The provisions of this section shall not apply to any stockholder of a corporation the stock of which is listed for sale to the general public with the securities and exchange commission, if such stockholder holds less than ten per cent of the outstanding stock entitled to vote at the annual meeting of such corporation. In the case of an agreement to rent property from a public agency where the lessee's interest is held by the organization of unit owners of a leasehold condominium created under chapter one hundred and eighty-three A, and timeshares are created in the leasehold condominium under chapter one hundred and eighty-three B, the provisions of this section shall not apply to an owner of a time-share in the leasehold condominium who (i) acquires the time-share on or after a bona fide arms length transfer of such time-share made after the rental agreement with the public agency is executed and (ii) who holds less than three percent of the votes entitled to vote at the annual meeting of such organization of unit owners. SECTION FOUR DESIGN DRAWINGS

Architectural Drawings

Please refer to architectural drawings on CD, enclosed within original RFP submission. The preliminary schematic design is also on the enclosed CD which aligns with the budget shown in this proposal.

DEEP may need to go to the Zoning Board of Appeals for this proposal. Depending on results from more detailed zoning analysis that we are performing, due to the irregular shape and location of the lot, we likely do not meet setback and off-street parking requirements.

We have yet to finalize the details of our structural system for the building but we will likely have a first floor built of reinforced CMU block and the top two floors will be wood framing. The CMU block can either be painted, finished with stucco, or clad in a different material. The upper two floors will likely have a couple different finishes including metal paneling, wood rain screen, clabboard siding, or some combination of these. The building will be slab-on-grade so as to provide the best possible access on the first floor for use of the construction training workshop but also for ADA purposes.

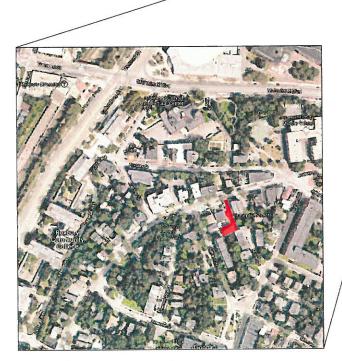

Right now, the design is essentially a "box" that meets our goals for internal space needs but we have purposely left off the exterior finishes on these preliminary drawings so that we can work with the neighborhood to select the best options. The windows will also likely change; we would like to have more storefronts/commercial glazing on the various floors but also want to respect the abutters desires for privacy (i.e. how much glass looks directly at their buildings). Therefore, we will work through specific design ideas that respect the residential buildings next to us while also providing our interior spaces with as much natural light as possible. In summary, DEEP feels the final design will likely have some slight changes to both the interior design and the exterior massing. Therefore, we will be sure to work closely with both the community, direct abutters to the property, and the City of Boston to find the right solution at the best cost possible for all parties involved.
