## **BRJP Highlights and Concerns:**

- Liberty Construction has the largest work force hours - 61,652 hours of which 23% residents, 38% people of color and 7% female. The people of color goals were exceeded.
- The overall average submission time for payrolls is 8.7 days. This has not achieved the BRJP goals. We will continue to work with the contractors to report all payroll submission on time.
- 245 Boston Residents have been reported. 131 (53%) have been successfully verified. 114 (47%) have not been verified.
- Component Assembly continues to struggle overall with Boston Residents (16%) and with females (5%), in both the carpenters and laborers trade.
- Although most of the numbers has not met BRJP goals yet, the resident and people of color numbers are getting better. We have seen increase in the last few weeks.
- The overall top five contractors average resident is 24%, People of color 26% and female at 6%
- J. Derenzo has had significant negative impact in driving down the resident (20%) and People of color (12%) numbers.
- American Plumbing has failed in meeting BRJP goals in every category. 22% on resident, 13% on people of color and 9% on female.
- Component Assembly Systems continue to struggle with Residents (16%) and Females (5%).

## **RECOMMENDATIONS: The BRJP Office recommends that Suffolk Construction:**

- American Plumbing, Component Assembly, J. Derenzo submit Corrective Action plan followed by a corrective action Meeting within the next 10 days, if the action plans does not satisfy BRJP.
- Submit a plan of action to BRJP detailing reason why Component Assembly has not attracted female laborers to their force. There are plenty of women laborers available from the union halls.
- Submit a plan of action to BRJP detailing reason why Component Assembly has not attracted any female in HVAC, Pipe fitter and sprinkler fitter.
- Continue to verify residents as they come on to the job site.
- Contractors call union hall and speak to their BA to provide a more diverse force.
