Re: City of Boston Cable Television License with Verizon;
Second Amendment and Public Report as Amended

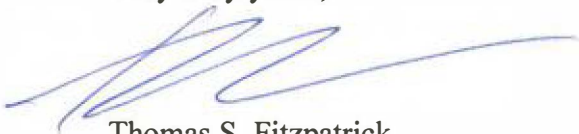

Dear Ms. Clark:

Pursuant to 207 CMR § 3.07(5), enclosed please find copies of the following:

1. Second Amendment To The Cable Television License between the City of Boston and Verizon New England, Inc. dated November 2, 2018; and
2. The Issuing Authority's Public Report, pursuant to 207 CMR § 3.07(2).

Please contact the undersigned if you have any questions.

Very truly yours,

Thomas S. Fitzpatrick
Counsel to the City of Boston

**SECOND AMENDMENT TO CABLE TELEVISION LICENSE
(City of Boston - Verizon)**

This Second Amendment (the "Second Amendment") dated as of this 2nd day of November, 2018 (the "Effective Date") to the Cable Television License entered into as of the 5th day of December, 2016 ("Original License"), by and between Verizon New England, Inc., a corporation organized under the applicable laws of the State of New York ("Verizon" or "Licensee"), and Martin J. Walsh, Mayor of the City of Boston and Issuing Authority for the award of cable television licenses under Chapter 166A of the Massachusetts General Laws ("City" or "Issuing Authority").

WHEREAS, the Issuing Authority granted Verizon the Original License to construct and operate a cable television system in an initial Service Area encompassing portions of the City, effective as of December 5, 2016, for a term of ten (10) years; and

WHEREAS, on September 25, 2017, the Issuing Authority and Verizon entered into a First Amendment To The Cable Television License ("First Amendment"), which, *inter alia*, expanded the initial Service Area; and

WHEREAS, the Issuing Authority and Verizon desire to further amend the Original License, as amended, to make additions to the Service Area in accordance with terms established in the Original License and applicable law, including but not limited to license amendment regulations of the Department of Telecommunications and Cable ("DTC") at 207 CMR § 3.07, and subject to the further terms set forth below; and

WHEREAS, pursuant to 207 CMR § 3.07(1) the City on or about July 20, 2018, issued by duly published notice a summary of each proposed amendment to the Original License as described herein; and

WHEREAS, pursuant to 207 CMR § 3.07(2) the City and Verizon on or about July 18, 2018, prepared and made publicly available a report of amendment setting forth information regarding such proposed amendment to the Original License as is required to be included by 207 CMR § 3.07(2); and

WHEREAS, following a public comment period in excess of the minimum twenty-one (21) day period required by 207 CMR § 3.07(3), the Issuing Authority prepared a written public report pursuant to 207 CMR § 3.07(5) specifying the reasons for its decision to approve the proposed amendment to the Original License, which is to be filed with the DTC on the date hereof along with a copy of this Amendment; and

NOW THEREFORE, in consideration of the premises set forth above and the mutual promises set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Additions to Service Area. Pursuant to Section 3.1(d) of the Original License, the Original License and Exhibit 1 thereto are hereby amended to incorporate a new Service Area that includes additional, distinct geographic areas of the City beyond those set forth in the Original License (such new additional portions of the Service Area to be hereinafter referred to as "Amended Service Area #2") and is hereby codified in a new Second Amended Exhibit 1 that is attached to this Amendment. Pursuant to this Amendment, and subject to the terms of Section 3 hereof and new Second Amended Exhibit 1, the initial Service Area set forth in the License, the Amended Service Area #1 set forth in the First Amendment, and Amended Service Area #2 shall together comprise the Service Area under the Original License, as amended.

2. Adjustments to Reflect Expanded Service Area. Pursuant to Section 13.14 of the Original License, the parties have agreed that the expanded Service Area codified in the new First Amended Exhibit 1 represents one hundred percent (100%) of the City's geography, an increase from the approximately forty-four (44%) of the City's geography reflected in the Original License, as amended by the First Amendment. Also pursuant to Section 13.14, values in specified sections of the Original License, as amended, set in consideration of the City-wide percentage of the initial Service Area set forth in the Original License are subject to automatic proportionate increase based upon the new revised proportion, and are effective and, as applicable and unless otherwise provided in writing by the Parties, payable to the City as of the Effective Date of this Second Amendment.

3. Deployment Completion Dates. Consistent with Section 3 of the Original License, including, without limitation, the enumerated exceptions set forth in therein, commencing as of the Effective Date of this Second Amendment, Licensee shall offer Cable Service over its Cable System to all Residential Households in Amended Service Area #2 at a pace of not less than ten percent (10%) of the deployment in Amended Service Area #2 each year and shall offer Cable Service over its Cable System to all occupied Residential Households in Amended Service Area #2 within six (6) years of the Effective Date of this Second Amendment. Notwithstanding the foregoing, nothing herein shall be construed to modify the deployment schedule applicable to the initial Service Area under the Original License, as amended by the First Amendment, satisfaction of which shall continue to be measured from the Effective Dates of the Original License and First Amendment, respectively.

4. Additions to Public Institutional Network Locations. Pursuant to Section 6.11 of the Original License, Licensee shall add additional buildings to the Public Institutional Network

("PIN") as reflected on new Second Amended Exhibit 2 that is attached to this Second Amendment. Also pursuant to Section 6.11, the schedule for developing mutually agreed upon specifications for the architecture, design and construction of the additional PIN locations in the Service Area shall be finalized within sixty (60) days after the Effective Date of this Second Amendment, with construction on such additional PIN locations to be completed within the same time frames and schedules for PIN construction established in Section 6.11 of the Original License.

5. Additions to Public Buildings Receiving Free Connections to Basic Service.

Pursuant to Section 7.1 of the Original License, Licensee shall add additional public buildings to the list eligible to receive free connections to basic service as reflected on new Second Amended Exhibit 3 that is attached to this Second Amendment. Installation of free connections to such additional public buildings on Second Amended Exhibit 3 shall remain subject to the same process established in Section 7.1 of the Original License.

6. Original License Provisions Remain in Effect. Pursuant to Section 3.1(d) of the Original License, all provisions in the Original License and the First Amendment continue to remain in full effect unless expressly modified by this Second Amendment.

7. Counterparts. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. The parties hereto shall be bound upon, but only upon, the execution by each party of one counterpart. The executed counterparts may be delivered by facsimile transmission of a true and correct image thereof, or by electronic mail attaching a true and correct .pdf image thereof.

IN WITNESS HEREOF, this Second Amendment to the Cable Television License entered into by the parties is hereby signed by the parties duly authorized, effective of the first date set forth above.

**REPORT PURSUANT TO 207 CMR § 3.07(2) OF THE CITY OF BOSTON AND
VERIZON NEW ENGLAND ON PROPOSED SECOND AMENDMENT TO THE
CITY OF BOSTON CABLE TELEVISION FINAL LICENSE**

+ Licensee:

Verizon New England, Inc. (“Verizon”)
6 Bowdoin Street
Boston, MA 02114

+ Issuing Authority:

Mayor Martin J. Walsh
City of Boston
City Hall
One City Hall Square
Boston, Massachusetts 02201

+ Date of the Final License Execution:

December 5, 2016

+ Effective Date of First Amendment to Final License Execution:

September 25, 2017

+ Effective Date of Final License Amendment:

November 2, 2018

Text of Second Amendment:

Attached hereto is a copy of the executed Second Amendment to Cable Television License, including Exhibits thereto, which identifies the full final text of all of the amendments to the Final License agreed to by the License and Issuing Authority.

+ Purpose for which the Second Amendment is being made:

The Issuing Authority and Verizon have agreed to expand the current Initial Service Area in Exhibit 1 to allow Verizon to provide Cable Service to additional geographic areas of the City in accordance with the terms and conditions in the Final License dated December 5, 2016. The Second Amendment dated November 2, 2018 also confirms the parties' agreement regarding the percentage size and associated timelines of the Expanded Service Area, adjusts certain values in the Final License to reflect the Expanded Service Area, and confirms additions to Public Institutional Network locations and to public buildings receiving free connections to Basic Cable Television Service.

+ Date Licensee's Request for Amendment was Received by the Issuing Authority:

June 11, 2018

+ Date of Publication of Notice of Proposed License Amendment

July 20, 2018 (notice published in Boston Herald and amendment documents made available on City of Boston website at the following link: <https://www.boston.gov/news/verizon-seeks-citywide-fios-all-boston-neighborhoods>).

+ Date of End of Public Comment Period Under 207 CMR § 3.07(3)

August 31, 2018.

+ Issuing Authority Statement of Reasons for Adopting Second Amendment to Final License:

By expanding Cable Service to additional geographic areas of the City, all City residents across the City will benefit from choice and competition among cable providers. Additionally, certain values in specified sections of the Final License set in consideration of the City-wide percentage of the initial Service Area set forth in the Final License are subject to automatic proportionate increase based upon the new revised proportion, and are either effective or payable to the City as of the Effective Date of this Second Amendment. Finally, public buildings will also benefit from

connections to the Public Institutional Network and from free connections to Basic Cable Television Service offered by the Licensee made available through this Second Amendment.

Details regarding the extent of geographic expansion are confirmed in the Second Amendment (attached hereto) as well as a related Letter Agreement dated November 7, 2018 (also attached hereto).

Comments received by the Issuing Authority during the Public Comment period were strongly favorable to the proposed License Amendment. Commenters overwhelmingly stated, in substance, that more competition benefits consumers through better quality service, more pricing options and new products.

In Witness Whereof, this Report on Second Amendment to the Cable Television Final License is hereby issued by the Mayor of the City of Boston, Massachusetts, as Issuing Authority this 16 day of November, 2018.

CITY OF BOSTON

BY: Martin J. Walsh, Mayor

SECOND AMENDMENT TO CABLE TELEVISION LICENCE

**SECOND AMENDMENT TO CABLE TELEVISION LICENSE
(City of Boston - Verizon)**

This Second Amendment (the “Second Amendment”) dated as of this 2nd day of November, 2018 (the “Effective Date”) to the Cable Television License entered into as of the 5th day of December, 2016 (“Original License”), by and between Verizon New England, Inc., a corporation organized under the applicable laws of the State of New York (“Verizon” or “Licensee”), and Martin J. Walsh, Mayor of the City of Boston and Issuing Authority for the award of cable television licenses under Chapter 166A of the Massachusetts General Laws (“City” or “Issuing Authority”).

WHEREAS, the Issuing Authority granted Verizon the Original License to construct and operate a cable television system in an initial Service Area encompassing portions of the City, effective as of December 5, 2016, for a term of ten (10) years; and

WHEREAS, on September 25, 2017, the Issuing Authority and Verizon entered into a First Amendment To The Cable Television License (“First Amendment”), which, *inter alia*, expanded the initial Service Area; and

WHEREAS, the Issuing Authority and Verizon desire to further amend the Original License, as amended, to make additions to the Service Area in accordance with terms established in the Original License and applicable law, including but not limited to license amendment regulations of the Department of Telecommunications and Cable (“DTC”) at 207 CMR § 3.07, and subject to the further terms set forth below; and

WHEREAS, pursuant to 207 CMR § 3.07(1) the City on or about July 20, 2018, issued by duly published notice a summary of each proposed amendment to the Original License as described herein; and

WHEREAS, pursuant to 207 CMR § 3.07(2) the City and Verizon on or about July 18, 2018, prepared and made publicly available a report of amendment setting forth information regarding such proposed amendment to the Original License as is required to be included by 207 CMR § 3.07(2); and

WHEREAS, following a public comment period in excess of the minimum twenty-one (21) day period required by 207 CMR § 3.07(3), the Issuing Authority prepared a written public report pursuant to 207 CMR § 3.07(5) specifying the reasons for its decision to approve the proposed amendment to the Original License, which is to be filed with the DTC on the date hereof along with a copy of this Amendment; and

NOW THEREFORE, in consideration of the premises set forth above and the mutual promises set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Additions to Service Area. Pursuant to Section 3.1(d) of the Original License, the Original License and Exhibit 1 thereto are hereby amended to incorporate a new Service Area that includes additional, distinct geographic areas of the City beyond those set forth in the Original License (such new additional portions of the Service Area to be hereinafter referred to as “Amended Service Area #2”) and is hereby codified in a new Second Amended Exhibit 1 that is attached to this Amendment. Pursuant to this Amendment, and subject to the terms of Section 3 hereof and new Second Amended Exhibit 1, the initial Service Area set forth in the License, the Amended Service Area #1 set forth in the First Amendment, and Amended Service Area #2 shall together comprise the Service Area under the Original License, as amended.

2. Adjustments to Reflect Expanded Service Area. Pursuant to Section 13.14 of the Original License, the parties have agreed that the expanded Service Area codified in the new First Amended Exhibit 1 represents one hundred percent (100%) of the City's geography, an increase from the approximately forty-four (44%) of the City's geography reflected in the Original License, as amended by the First Amendment. Also pursuant to Section 13.14, values in specified sections of the Original License, as amended, set in consideration of the City-wide percentage of the initial Service Area set forth in the Original License are subject to automatic proportionate increase based upon the new revised proportion, and are effective and, as applicable and unless otherwise provided in writing by the Parties, payable to the City as of the Effective Date of this Second Amendment.

3. Deployment Completion Dates. Consistent with Section 3 of the Original License, including, without limitation, the enumerated exceptions set forth in therein, commencing as of the Effective Date of this Second Amendment, Licensee shall offer Cable Service over its Cable System to all Residential Households in Amended Service Area #2 at a pace of not less than ten percent (10%) of the deployment in Amended Service Area #2 each year and shall offer Cable Service over its Cable System to all occupied Residential Households in Amended Service Area #2 within six (6) years of the Effective Date of this Second Amendment. Notwithstanding the foregoing, nothing herein shall be construed to modify the deployment schedule applicable to the initial Service Area under the Original License, as amended by the First Amendment, satisfaction of which shall continue to be measured from the Effective Dates of the Original License and First Amendment, respectively.

4. Additions to Public Institutional Network Locations. Pursuant to Section 6.11 of the Original License, Licensee shall add additional buildings to the Public Institutional Network

("PIN") as reflected on new Second Amended Exhibit 2 that is attached to this Second Amendment. Also pursuant to Section 6.11, the schedule for developing mutually agreed upon specifications for the architecture, design and construction of the additional PIN locations in the Service Area shall be finalized within sixty (60) days after the Effective Date of this Second Amendment, with construction on such additional PIN locations to be completed within the same time frames and schedules for PIN construction established in Section 6.11 of the Original License.

5. Additions to Public Buildings Receiving Free Connections to Basic Service.

Pursuant to Section 7.1 of the Original License, Licensee shall add additional public buildings to the list eligible to receive free connections to basic service as reflected on new Second Amended Exhibit 3 that is attached to this Second Amendment. Installation of free connections to such additional public buildings on Second Amended Exhibit 3 shall remain subject to the same process established in Section 7.1 of the Original License.

6. Original License Provisions Remain in Effect. Pursuant to Section 3.1(d) of the Original License, all provisions in the Original License and the First Amendment continue to remain in full effect unless expressly modified by this Second Amendment.

7. Counterparts. This Amendment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. The parties hereto shall be bound upon, but only upon, the execution by each party of one counterpart. The executed counterparts may be delivered by facsimile transmission of a true and correct image thereof, or by electronic mail attaching a true and correct .pdf image thereof.

IN WITNESS HEREOF, this Second Amendment to the Cable Television License entered into by the parties is hereby signed by the parties duly authorized, effective of the first date set forth above.

NOVEMBER 7, 2018 LETTER AGREEMENT

Verizon New England Inc.
6 Bowdoin Square, 10th Floor
Boston, MA 02114

November 7, 2018

Patricia Boyle-McKenna
Interim Chief Information Officer
1 City Hall Square
Room 703
Boston, MA 02201

Dear Ms. Boyle-McKenna:

This letter agreement (the "Letter Agreement") is entered into by and between the City of Boston (the "City") and Verizon New England Inc. ("Licensee")(each, a "Party" and together, the "Parties") pursuant to Section 13.14 of the Cable Television License by and between the City and Licensee, dated December 5, 2016 (the "Original License"), as amended by the First Amendment To The Cable Television License by and between the Parties, dated as of September 25, 2017 ("First Amendment"). The exclusive purpose and effect of this Letter Agreement is to memorialize certain automatic adjustments to enumerated requirements under the License, as contemplated under Section 13.14 thereof. This Letter Agreement is not intended by the Parties to constitute an amendment to the License and no term or condition of the License shall be affected by this Letter Agreement except to the extent expressly set forth in this Letter Agreement. Capitalized terms used herein, but not otherwise defined, shall be ascribed such meanings as set forth in the License.

By separate instrument from this Letter Agreement, and pursuant to Section 3.1(d) of the License and 207 CMR 3.07, the City and Licensee have entered into a second amendment to the License, effective as of November 2, 2018 (the "Second Amendment"). Under the terms of the Second Amendment, Licensee shall make Cable Service available to a new Service Area (the "Third Service Area") in accordance with the terms of the Second Amendment and the License. The Parties agree that the addition of the Third Service Area to the Original License, as amended,

will result in one-hundred percent (100%) of the geographic territory of the City being included in the total Service Area under the License.¹

Section 13.14 of the License provides that certain provisions of the License shall be subject to automatic adjustment as of the Effective Date of the Amendment. Specifically, Section 13.14, in relevant part, provides as follows:

As new Service Areas are added, a new portion representing the increased Service Area of Licensee in relation to the City's geography shall be calculated by agreement between the parties prior to the Effective Date for such expansion. Thereafter, certain values in this License, originally calculated to be approximately 28% of a City-wide value, shall be increased proportionately based upon the new revised proportion, effective as of the Effective Date for the increased Service Area. Provisions subject to this automatic adjustment are as follows: Sections 5.4 (Video Return Network Fund), 6.10 (Community Programming Support), 6.12 (PIN Drop Fund), 9.1 (Performance Bond), and 9.5 (Letter of Credit).

Consistent with the foregoing requirements of Section 13.14, by this Letter Agreement, the Parties agree that the amount of the enumerated License requirements shall be increased by forty-four percent (44%) of the value of such requirements provided to one hundred percent (100%) of the City, commensurate with the proportionate geographic size of the New Service Area, as set forth below:

License Requirement	Original Amount	Adjusted Total Amount Pursuant to First Amendment	Adjusted Total Amount Pursuant to Second Amendment ²	Due Date
Sections 5.4 – Video Return Network Fund	\$150,000	\$300,000	535,714.29	Three (3) months from Effective Date of Amendment
Section 6.10 – Community Programming Support	\$48,000	\$96,000	171,428.57	Effective Date of Amendment
Section 6.12 – PIN Drop Fund	\$10,000	\$20,000	35,714.29	Four (4) months from Effective Date of Amendment
Section 9.1 – Performance Bond	\$300,000	\$600,000	1,071,428.57	Effective Date of Amendment
Section 9.5 – Letter of Credit	\$15,000	\$30,000	53,571.43	Effective Date of Amendment

¹ Pursuant to the First Amendment, the Parties agreed to expand the Service Area under the Original License from twenty-eight percent (28%) to fifty-six percent (56%).

² For purposes of clarity, "Adjusted Total Amount Pursuant to Second Amendment" equals the "Original Amount" plus the additional amount adjusted based on the First Amendment, plus the additional amount adjusted based on the Second Amendment, which represents, collectively, 100% of the total City-wide value of the specified financial obligations under the License (i.e., the "Adjusted Total Amount" = 100% of the City-wide value).

In addition to the forgoing, Licensee shall make a contribution to the PIN Drop Fund in the total amount of Four Hundred Fifty Thousand Dollars (\$450,000)("Additional Pin Drop Contribution") in accordance with the schedule set forth herein. The Additional Pin Drop Contribution payment will be made in eight (8) equal installments of Fifty-Six Thousand Two Hundred Fifty Dollars (\$56,250) paid annually over the remaining term of the License. The first payment will be made forty-five (45) days from the Effective Date of the Second Amendment to the Cable License. All remaining payments will be made annually on the anniversary date of the Second Amendment. The Additional Pin Drop Contribution will be used by the City as described under Section 6.12 of the License or for any non-commercial municipal purpose. The Licensee's obligation to make such payments are obligations under Section 6.12 of the License and shall survive any termination of the License.

This Letter Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. The Parties hereto shall be bound upon, but only upon, the execution by each Party of one counterpart. The executed counterparts may be delivered by facsimile transmission of a true and correct image thereof, or by electronic mail attaching a true and correct .pdf image thereof, with originals delivered within thirty (30) days of the date of such facsimile or electronic mail delivery, and the executed counterparts shall be legally binding on the Parties if so delivered.
