

Boston Asthma Nurses Collaborative (BANC)

The Boston Public Health Commission (BPHC) coordinates the Boston Asthma Nurses Collaborative (BANC), a supportive network specifically created for asthma nurses and clinical professionals in similar roles caring for those with asthma in schools, child care, community health centers, hospitals and health maintenance organizations in Boston.

BANC Benefits:

- ⇒ Keep up-to-date on the **best practices** regarding asthma care and community resources Available.
- ⇒ Network with peers and experts in the field.
- ⇒ Discuss challenges and strategies in improving asthma care.
- ⇒ Contribute to improving communication and coordination between schools, providers, families and community supports. ==>

How you can participate:

- ♦ Quarterly **in-person meetings** at BPHC.
- ♦ Keep posted via **email** announcements about information, updates and opportunities in the field.
- ♦ Participate in **webinars** on key topics.
- ♦ **Share** resources and **connect** with colleagues who understand your unique role.

Get support to become a Nationally Certified Asthma Educator (AE-C)

BPHC and Partners Asthma Center have joined together to offer **study and preparation support** for the AE-C exam to Boston professionals who are eligible to take the exam.

Our priority is to **standardize** asthma knowledge and asthma care across and beyond Boston.
