# Project Overview

The project consist of redeveloping two vacant lots at 191-195 Bowdoin Street in Dorchester’s Bowdoin-Geneva neighborhood. The mixed-use project includes 41 one-, two-, and three-bedroom apartments, affordable to households with incomes at or below 60% of Area Median Income (AMI), with eleven units affordable to households at or below 30% of AMI. The 6,000 square feet of ground floor retail space will be leased to the Dorchester Community Food Coop—a grassroots initiative to build a community and worker-owned grocery store that makes healthy food accessible and advances economic opportunity through neighborhood engagement.

The design of the building and site plan engages the public realm through a series of new, multi-functional open spaces. Plaza areas and landscape zones wrap the corner of the site and mediate between commercial and residential uses.

# M/WBE Outreach Plan

**Outreach efforts to solicit MBE/WBE and other local firms** utilized our **strategic partner network** engagement as well as local media, electronic and print, to market and promote contract business opportunities as well as traditional methods including telephone, email and in person follow-up. We have located centers of influence within the Fields Corner/Bowdoin Geneva area as well as Greater Boston to ensure that subcontracting and supply opportunities are known to the business community. Some of the outreach partners included the following:

- DCAMM Certified /Office of Supplier Diversity
- City of Boston M/WBE Certified Business Directory
- MHC Ecosystem database
- Builders of Color Coalition (BCC)
- Greater New England Minority Supplier Diversity Council (GNEMSDC)

# M/WBE Subcontractor Participation Goals
