On the cover: The Cataumet Schoolhouse in Bourne is one of many Massachusetts properties newly listed in the National Register of Historic Places in 2019. Built in 1894, the exceptionally preserved building rises 1 ½ stories from a pink granite-block foundation to a front gable roof with a stylish belfry. The symmetrical facade contains girls' and boys' entrances on the outer bays, protected by shed-roofed hoods with decoratively sawn brackets. The three large windows on each of the side elevations have 6/6 double-hung sash, each topped by a pair of small modillion blocks supporting a small flared hood. The interior of the Cataumet Schoolhouse survives virtually unchanged, with its original pine flooring and wainscoting, chalkboards, picture molding, heavily molded door and window trim, five-panel wood doors, and an arched niche behind the teacher's desk.

The school served between 19 and 30 students from the Cataumet area of Bourne annually, with 14 different women serving as school teacher from the time of its opening until it closed in 1930. As reflected in the inset 1910 class photograph on the cover, the student body was distinguished by a small but remarkable number of students representing the Native American community, African-Americans, and Portuguese Azorean and Cape Verdean immigrants, reflecting the diverse ethnic character of Bourne's population in the late 19th and early 20th centuries.

After closing, the school served as a community center from 1934 to 1960, maintained by the Cataumet Community Association. Since 1999 the school has been in the care of the Cataumet Schoolhouse Preservation Group, which has carefully preserved the property as an active part of the community.

Dear Reader:

As the Chairman of the Massachusetts Historical Commission, and on behalf of the MHC and its staff, I am pleased to introduce the 2018 edition of the Massachusetts *State Register of Historic Places*. The State Register was established in 1982 as a comprehensive listing of the buildings, structures, objects and sites that have received local, state or national designations based on their historical or archaeological significance. Since its establishment, the State Register has grown to include listings for over 67,000 properties in more than 340 cities and towns.

The *State Register of Historic Places* is an important historic preservation planning reference tool. It alerts property owners, planners, and project proponents to the presence of significant historic properties and sites that need to be taken into consideration in both public and private undertakings. Researchers should consult additional information on properties listed in the State Register available in the files of the MHC.

The staff of the Massachusetts Historical Commission, the state historic preservation office, administers a range of historic preservation programs through its Preservation Planning, Grants, and Technical Services divisions.

Please visit the MHC's website at www.sec.state.ma.us/mhc to learn more about recent news, events, available publications, and programs or to search the Massachusetts Cultural Resources Information System (MACRIS) database. If you have any questions about the MHC, or would like to request information, please feel free to contact the MHC at 617 727-8470 or via email at mhc@sec.state.ma.us.

Sincerely,

A handwritten signature in cursive script that reads "William Francis Galvin".

MEMORANDUM

TO: Local Historical Commission and Local Historic District Commission Members

FROM: Michael Steinitz, Deputy State Historic Preservation Officer, MHC

DATE: January 15, 2020

RE: Preservation Restrictions listed in the *State Register of Historic Places*

I would like to call to your attention the **Preservation Restriction** designation (abbreviated "PR") that is noted on certain properties listed in the *State Register of Historic Places*. Please take special note of any existing or newly listed properties with Preservation Restrictions that are located in your community.

Owners of properties protected by a Preservation Restriction granted to a governmental body or qualified charitable corporation have a special responsibility to safeguard the historic integrity of their buildings or sites and their settings. As defined by M.G.L Chapter 184, ss. 31-33, a Preservation Restriction may restrict or limit any or all alterations to exterior or interior features, changes in site appearance, inappropriate uses, archaeological field investigations, or other uses or actions inappropriate to the preservation of an historic structure or site.

While the MHC itself holds Preservation Restrictions on many properties as a result of grant assistance, many other Preservation Restrictions are held either by local governments or by qualified charitable corporations. Alterations or changes to a property with a "PR" generally require prior written notification to and approval by the holder of the Preservation Restriction.

The MHC asks that you communicate to the Commission knowledge of or concerns regarding any potential activity that might threaten a property in your community protected by a Preservation Restriction. MHC and the holder of the Restriction should also be made aware of any present or future plans for rehabilitation, construction, sale or transfer. The MHC will cooperate with local historical commissions and historic district commissions concerning any action that should be taken. The MHC would also appreciate any corrections regarding the Preservation Restrictions noted or any omissions on the State Register of which you are aware.

If you have any questions regarding this memo or would like further information regarding Preservation Restrictions, please contact me at the Massachusetts Historical Commission.

PREFACE

The Massachusetts Historical Commission (MHC) was established in 1963 to encourage the preservation of the historic buildings, structures, objects, landscapes and archaeological sites that contribute to the cultural heritage of the Commonwealth's cities and towns. These unique and non-renewable historic resources help to maintain a sense of place and time in our downtowns, neighborhoods, town centers and rural landscapes. They inform our understanding of the past, and through their maintenance, rehabilitation and reuse, they will continue to play a role in shaping vital and dynamic communities into the future. Historic preservation is integral to protecting the qualities of community character that make Massachusetts an attractive place for visitors and residents alike.

The conservation of historic and archaeological properties is a legitimate concern of public policy and has been recognized as such by a full body of state and federal legislation. MHC's programs seek to integrate a systematic consideration of historic properties into current management and planning decisions. The **State Register of Historic Places** was created in 1982 to enhance MHC's ability to identify, evaluate and protect the Commonwealth's historic and archaeological resources. The State Register creates a single, easy-to-use master list of properties designated under several specific local, state, and federal statutes. It supports a comprehensive and timely system of review for state governmental bodies whose actions may affect designated properties, providing a clear framework to ensure that the Commonwealth's cultural heritage is not inadvertently damaged by public action. The regulations that protect properties listed in the State Register are cited as 950 CMR 71.00.

ORGANIZATION

The State Register is a compilation of listings of properties and sites with several different types of official local, state, or federal designations. See the Abbreviations section for a complete list of designations. Please note that the filing of an Inventory Form with the MHC does not constitute listing in the State Register of Historic Places.

State Register listings are arranged by municipality. Within each city or town, properties are arranged alphabetically by their historic name. Properties named after people are listed with the surname first (*i.e.*, Smith, John House). Properties known only by their address are arranged alphabetically by the street name with the street number following. Specific location information is not provided for archaeological sites to protect them from possible harm. Following the name and location information are the designation type and date, and the number of properties or resources included in the designation.

Many listings include multiple designations. For properties and districts with multiple designations, the boundaries of each designation sometimes differ. The "Center Village Historic District" may be the official name of both a National Register district and a local historic district that overlap but have different boundaries. In such a case, the "Center Village Historic District" is listed twice, with each listing including a different designation, date, boundary description and property count. Properties that have individual designations and also fall within historic districts appear with both their individual and district designations. For districts, a listing appears only for the district as a whole. **PLEASE NOTE THAT THE STATE REGISTER DOES NOT INCLUDE ADDRESS LISTINGS OF INDIVIDUAL PROPERTIES LOCATED WITHIN DESIGNATED HISTORIC DISTRICTS.** For this and other information, researchers should always consult the Commission's records related to State Register designated properties and districts on file at MHC offices at the State Archives Building, 220 Morrissey Boulevard, Boston.

ADDITIONS TO THE STATE REGISTER

The State Register of Historic Places is updated weekly in the Massachusetts Register, available from the State Bookstore, State House, Room 116, Boston, MA 02133 (617-727-2834). Please contact Michael Steinitz at the Massachusetts Historical Commission with further questions.

This publication has complete listings through December 31, 2019

ABBREVIATIONS FOR STATE REGISTER DESIGNATIONS

NHL: National Historic Landmark (36 CFR 65)

Includes properties of outstanding national significance designated directly by the Department of the Interior.

NR: National Register of Historic Places (36 CFR 60)

Includes properties of local, state, or national significance designated by the Department of the Interior through the State Historic Preservation Office. Codes that indicate National Register designations include:

NRDIS: National Register District

NRIND: National Register Individual property

NRMRA: National Register Multiple Resource Area

Refers to a community-wide or area-wide designation that can include nominations of individual and district properties. If a property has been designated as part of a Multiple Resource Area, "NRMRA" is listed directly below the NRDIS or NRIND designation.

NRTRA: National Register Thematic Resource Area

Consists of properties related by theme; these resources may be located over a much wider geographical area than those of an NRMRA.

NRMPS: National Register Multiple Property Submission

For properties or districts designated as part of a Multiple Property Submission, "NRMPS" is listed, with a date, directly below the NRIND or NRDIS designation. If listing dates for the NRMPS and the NRIND/NRDIS differ, then the official date for inclusion of the property or district in the State Register is the one noted for the individually listed property or district.

NRDOE: Determinations of Eligibility (36 CFR 60.3 (c) & 60.6(s))

Includes only properties of local, state, or national significance that have been determined eligible for listing in the National Register of Historic Places by the Keeper of the National Register, Department of Interior. The Keeper's Determinations of Eligibility may occur during the course of a federal undertaking, or if a property owner objects to listing, or if a majority of owners in district object to listing. Any opinions or determinations relative to properties made by the MHC staff or the MHC in its role as the State Review Board, are not NRDOE's, and those properties are not listed in the State Register.

MA/HL: Massachusetts Archaeological/Historic Landmarks (M.G.L., Ch. 9 s. 27)

MAL: Massachusetts Archaeological Landmark

MHL: Massachusetts Historic Landmark

Includes sites (MAL) and structures (MHL) of state significance designated by the Massachusetts Historical Commission; all are subject to the Standards for the Care and Management of Certified Historic Landmarks which are recorded with the property's deed.

LL: Local Landmark (various local ordinances)

Includes properties of local, state and/or national significance designated by local governments.

LHD: Local Historic District (M.G.L., Ch. 40C and special legislative acts)

Includes properties of local, state, and/or national significance designated by local governments. Designation date and number of properties reflect the last amendment made to the district, and do not always represent the initial date of establishment or original property count.

RHD: Regional Historic District (special legislative acts)

Includes properties of local, state, and/or national significance designated by special act of the legislature. At this time, the only designated regional historic district is Old King's Highway Historic District, Barnstable County (M.G.L., Ch. 470 of the Acts of 1973).

PR: Preservation Restriction (M.G.L., Ch. 184, ss. 31-33)

Includes properties of local, state, and/or national significance. Restrictions run with the deed in perpetuity or for a specified term of years. If the Restriction does not run in perpetuity, the expiration date is indicated below the PR date. The Massachusetts Historical Commission must approve Preservation Restrictions, but any qualified governmental body or charitable corporation may hold a Restrictions.

Props: Number of Properties

Indicates the number of properties or resources included in the listing. Properties and districts that cross town lines are listed under each town, with the property count divided accordingly. A single property located directly on a town line is counted once in each corresponding town.

The regulations that protect properties listed in the State Register are cited as 950 CMR 71.00.
