

CHINATOWN SLOW STREETS

Neighborhood traffic calming plan

PUBLIC MEETING:

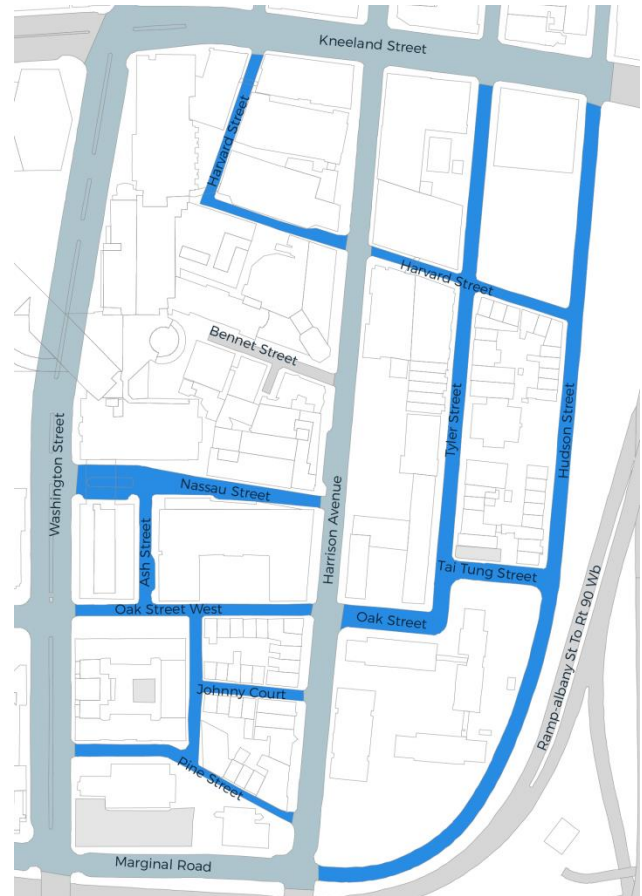

Thurs, July 26, 2018 at 6:00pm

China Trade Center

2 Boylston St, 02116

Join the Boston Transportation Department for an update on our work to improve transportation safety in Chinatown.

We are working on design plans that will slow drivers to 20 MPH. At this speed, streets will feel safer and more comfortable for people who live, walk, bike, or play in the neighborhood.

MORE INFORMATION:

Learn more about the project at boston.gov/slow-streets/chinatown. After the meeting, we will post the presentation and other relevant materials online.

City of Boston

Chinatown is one of the five communities that were selected in 2017, via an application process, to join the Neighborhood Slow Streets program. We are also developing plans in the Highland Park, Grove Hall/Quincy Corridor, Mount Hope/Canterbury, and West of Washington Street neighborhoods.
